Company Profile

For over 25 years, Teco Diagnostics has been an industry leader in the manufacturing of in-vitro clinical diagnostic tests and instruments. From urinalysis to clinical chemistry, we have high quality solutions for your diagnostic needs. Based in Anaheim, CA, our manufacturing facility is FDA regulated, and thus all phases of our production processes are based on strict Current Good Manufacturing Practices (cGMP) regulations. In addition, our ISO 13485 certification ensures our company meets the international quality management system standard for medical device companies. We have always strived to work closely with the international community as evidenced by our doing business with customers in nearly 100 countries worldwide. We offer CE marking for many of our products and have already established registration in many countries.

President's Update

We have always prided ourselves that Teco Diagnostics' core values put the customer first. Since Teco Diagnostics was founded more than twenty-five years ago, we have been consistently working to provide our customers with high quality products and exceptional customer service. We believe that the only way to succeed in this current economic climate is to establish long-lasting business relationships with our clients. These valued relationships are founded on trust that we will always be flexible enough to meet our customer's diagnostic product needs while making sure all clients feel that they are Teco Diagnostics' most important customer.

I want to personally thank our nearly one hundred Teco Diagnostics Team Members for their dedication and support, without which would have made it impossible for us to be where we are today. We pride ourselves as a company with a true family-oriented culture that makes our Team Members comfortable and happy in their working environment. We understand that in order to achieve our plans for complete quality and customer satisfaction, we must recognize our Team Members and their contributions towards helping us fulfill our core value of putting the customer first.

It has been exciting here at Teco Diagnostics. In 2013, Teco Diagnostics was named as one of the Top 100 workplaces in Orange County, California by the Orange County Register. This was the second year in a row that we were recognized as a top workplace. The honor is given to only the top 100 companies out of 85,000 in Orange County so we are proud of and extremely grateful to our wonderful employees who have made Teco Diagnostics one of the best places to work. In 2011, Teco Diagnostics was honored to receive the award for the Small Business of the Year from the Anaheim Chamber of Commerce. We pride ourselves as being a leader within our local business community and were ecstatic when we received these honors.

Looking towards the future, we have a lot of exciting products in our pipeline. At the same time, We are hard at work on a line of dry chemistry products that will expand and complement our current line of clinical chemistry reagents. Finally, We are happy to announce that we will soon be launching many improvements to our website, starting with an easy to use and advanced online ordering system for our clients.

We acknowledge that we will not be able to reach the next level of success without the ideas and contributions from our clients. To this point, we would love to hear from you, and hope that you always feel comfortable enough to contact us with any and all of your needs. Thank you for your continued loyalty and support. We appreciate the opportunity to service your diagnostic needs, and we look forward to writing the next chapter in Teco Diagnostics' history with you.

Sincerely,

A handwritten signature in dark ink, appearing to read "Dr. KC Chen". The signature is fluid and cursive, with a long, sweeping underline.

Dr. KC Chen
President
Teco Diagnostics

Urinalysis

Teco Diagnostics is proud to introduce our complete line of Urinalysis products. From our world renowned Urine Reagent Strips (URS) to our semi-automated Urine Strip Readers. Teco Diagnostics' Urinalysis features:

- **Choice:** Our full line of strips can test from one to eleven parameters depending on your specific needs. We offer customized strips and OEM and Generic packing as well.
- **Innovation:** We are constantly working to develop new options for our customers, including the recent addition of our Micro-Albumin strips that allow clinicians to detect early signs of kidney damage.
- **Easy to use:** Strips can be read manually with included color charts, but Teco Diagnostics offers the perfect model for a physicians' office or small lab with the semi-automated TC-101. For medium to large labs, Teco Diagnostics offers the semi-automated TC-720 PLUS and the fully automated TC-Thunderbolt.

TC-720 PLUS
*Available for Export Only.

TC-101

URS

Urine Reagent Strips

*OTC Format

Teco Diagnostics manufactures two distinct sequences of urine strips. For more information, please contact your sales representative.

Urinalysis

Teco Diagnostics offers two types of urine strip readers: the semi-automated TC-101 and the semi-automated TC-720 PLUS. The TC-101 is ideal for any physician's office or small lab. The TC-720 PLUS is semi-automated and thus ideal for medium to large laboratories.

TC-101

- 60 tests per hour with 1000 test memory capacity
- Patient ID capability
- Vet capable
- Features flip screen, LIS capable, 110/220 Volt compatibility, and compact space saving design
- Available in Generic and Teco formats

TC-720 PLUS

- 500 tests per hour with 2000 test memory capacity
- Touch screen
- Vet capable
- PC interface with LIS capability
- Patient ID capability
- 110/220 Volt compatibility

Cat. #	Product/Methodology	For Export Only
TC-101	Uritek 101 Urine Strip Reader	
TC-720 PLUS	Uritek 720 PLUS Urine Strip Reader	
TC-Thunderbolt*	Uritek Thunderbolt Urine Strip Reader	* For Export Only

Urine Controls

Cat. #	Product/Methodology	Packaging
URC-60-1	High Abnormal	4x15 mL
URC-60-2	Low Abnormal	4x15 mL
URC-60-3	Normal	4x15 mL

Clinical Chemistry

Teco Diagnostics is proud to manufacture a complete line of clinical chemistry products. We offer over 75 clinical chemistry reagent kits, providing customers an abundance of options in terms of format (powder or ready-to-use liquid), testing method (such as Kinetic or Colorimetric Endpoint), as well as packaging size. We also provide the option of purchasing our reagents in Teco Diagnostic, Generic or OEM packaging. Combined with our line of calibrators, controls and Chemistry Instrumentation, Teco Diagnostics is your complete source for Clinical Chemistry.

Reagents

General Chemistry Reagents

Our full line of General Clinical Chemistry Reagent Kits are compatible with both manual and automated chemistry analyzers. Kits are available in both powder and ready-to-use liquid formats.

Liver Markers

Cat. #	Analyte	Product
A502	Albumin	Albumin
A504	Alkaline Phosphatase	Alk. Phosphatase, Kinetic liquid
A505		Alk. Phosphatase, Kinetic
A506		Alk. Phosphatase, color endpoint
A524	ALT (SGPT)	ALT (SGPT), Kinetic liquid
A525		ALT (SGPT), Kinetic
A526		ALT (SGPT), Color endpoint
A527		ALT (SGPT) Single Liquid Kinetic
B538	Bilirubin	Bilirubin Direct
B576		Bilirubin Total
B577		Bilirubin Direct and Total
B580	Bile Acids	Total Bile Acids, NBT
G571	Gamma Glutamyl Transferase	G-GT, soluble, kinetic
G572		G-GT kinetic liquid
C511	Cholinesterase	Cholinesterase, Kinetic
A559	AST (SGOT)	AST (SGOT) Kinetic liquid
A560		AST (SGOT) Kinetic
A561		AST (SGOT) Color endpoint
A562		AST(SGOT) Single Liquid Kinetic

Diabetic Marker

Cat. #	Analyte	Product
G516	Glucose	Glucose Hexokinase Liquid
G518		Glucose Hexokinase
G519		Glucose Oxidase Trinder
G520		Glucose Oxidase liquid
G521		Glucose. Hex. Single liquid
G540	Glycated Hemoglobin	Glycohemoglobin
G560		HbA1C (Auto)

Electrolytes

Cat. #	Analyte	Product
C501	Chloride	Chloride
C503	Calcium	Calcium
C504		Calcium Arsenazo III
C525	Carbon Dioxide	Carbon Dioxide-340 nm
C535		Carbon Dioxide Single Liquid
M527	Magnesium	Magnesium Calmagite
M929		Magnesium Xylidyl Blue
P605	Potassium	Potassium
S600	Sodium	Sodium

Pancreatic and Renal Marker

Cat. #	Analyte	Product
A533	Amylase	Amylase, Kinetic
A559	AST (SGOT)	AST (SGOT) Kinetic liquid
A560		AST (SGOT) Kinetic
A561		AST (SGOT) Color endpoint
A562		AST(SGOT) Single Liquid Kinetic
B549	BUN	BUN Kinetic Liquid
B550		BUN, Kinetic
B551		BUN, Urease, Color endpoint
B554		BUN Single Liquid Kinetic
C513	Creatinine	Creatinine, color endpoint
C514		Creatinine, Kinetic
C515		Creatinine, Direct endpoint
L596	Lactate	Lactate liquid
P605	Potassium	Potassium
P615	Protein	CSF/Urine protein
U580	Uric Acid	Uric Acid, Uricase endpoint
U582		Uric Acid, Liquid

Cardiovascular Marker

Cat. #	Analyte	Product
A559	AST (SGOT)	AST (SGOT) Kinetic liquid
A560		AST (SGOT) Kinetic
A561		AST (SGOT) Color endpoint
A562		AST(SGOT) Single Liquid Kinetic
C507	Cholesterol	Cholesterol Liquid
C509		Cholesterol
C512	CK-NAC	Creatine Kinase-NAC, Kinetic
C519		Creatine Kinase-NAC, Kinetic Liquid
C614	CK-MB	CK-MB, Kinetic
H511	HDL	HDL Cholesterol, PEG
H513		Direct HDL Cholesterol
L530	LDL	Direct LDL Cholesterol
L533	LDH-L	LDH-L kinetic liquid
L535		LDH-L, Kinetic
T526	Lipid	Total lipid
T528	Protein	Total protein
T531	Triglyceride	Triglyceride-GPO-Trinder
T532		Triglyceride-GPO-Trinder, Liquid
H620	Hydroxybutyrate Dehydrogenase	HBDH, Kinetic
H650	Homocysteine	Homocysteine

P= Powder

L= Liquid

For bulk liquid reagents, Teco Diagnostics offers several varieties of liquid powder that have the same shelf life as our normal liquid reagents, once reconstituted. Our AC/BC reagents include all components needed to make the liquid reagents. Step-by-step instructions make mixing and preparing the reagents simple. For added convenience, Teco also offers ACP liquid powder reagents. These reagents come ready-to-use (just add water) and can be reconstituted in whatever amount needed. Since they contain just one homogenous powder, ACP reagents can be purchased in any amount. Each of these reagents are sold by Teco Diagnostics as unfinished components, which means that the distributor or end user becomes responsible for performing quality control once the components become reagent. Due to the transfer of ownership for product quality from Teco Diagnostics to our distributor or end user we require that an OEM Agreement be put into place outlining the responsibilities attached with purchasing our reagent in component form.

Chemistry Instrumentation

TC-84

- Can measure absorbance and concentration based on set points or rates of change
- 12 Tubes 37C heat block
- Reads, calculates, and prints results in 3 seconds
- 6 wavelengths
- *Optional External Flow Cell available*

TC-3300

- Cuvette and flow cell reading capability
- 6 Wavelengths
- Compact, microprocessor controlled general purpose photometer system
- *Optional Heating Block available*

TC-Matrix

- 200 tests/hour
- More than 30 on board chemistries
- Low water consumption
- User friendly software
- Multiple language interface software
- Full line of ready to use liquid reagents available specifically designed for the TC-Matrix
- ISE optional

• For Export Only

Calibrators & Controls

Cat. #	Product/Methodology	Packaging
TC-Cal-I	TC Calibrator Level I Multi-Purpose Calibrator	10 X 5 mL
TC-Cal-II	TC Calibrator Level II Multi-Purpose Calibrator	10 X 5 mL
TC-TROL-N	TC Level I Serum Control (Human)	10 X 5 mL
TC-TROL-A	TC Level II Serum Control (Human)	10 X 5 mL
C611-8	CK-MB 2-Level Control	4 X 2 mL
C612-12	CK-MB 3-Level Control	6 X 2 mL
G541-1	Glycohemoglobin Normal Control	1.0 mL
G542-1	Glycohemoglobin Elevated Control	1.0 mL
H514-A	Direct HDL/LDL Calibrator	3.0 mL
H514-A1	Direct HDL/LDL Control Level 1	3.0 mL
H515-A2	Direct HDL/LDL Control Level 2	3.0 mL
H527-4.5	Hemoglobin Control Set	3 X 1.5 mL

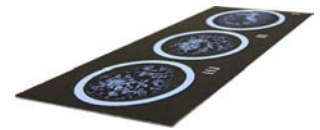

Serology

Teco Diagnostics' simple, fast and efficient serology tests yield qualitative or semi-quantitative determination of specific proteins or antibodies in human serum. Results are easily interpreted by the presence or absence of agglutination. All necessary components are included in the kits. Serology tests are available in both kit and a variety of bulk formats.

- Dependable and convenient
- Qualitative and Semi-Quantitative results
- Efficient and effective

Cat. #	Product/Methodology	Packaging
ASO-100	Antistreptolysin (ASO)	100 tests
CRP-100	C-Reactive Protein (CRP)	100 tests
IML-50	Infectious Mononucleosis (IML)	50 tests
RF-100	Rheumatoid Factor (RF)	100 tests
RPR-100	Rapid Plasma Reagin (RPR)	100 tests
RPR-500	Rapid Plasma Reagin (RPR)	500 tests
SLE-50	Systemic Lupus Erythematosus (SLE)	50 tests
ASO-B/B.5	ASO Positive Control Bulk	Bulk/ 0.5 mL
CRP-B/B.5	CRP Positive Control	Bulk/ 0.5 mL
IML-B/B.5	IML Positive Control	Bulk/ 0.5 mL
IML-C/C.5	IML Negative Control	Bulk/ 0.5 mL
RF-B/B.5	RF Positive Control	Bulk/ 0.5 mL
RPR-B/B.5	RPR Reactive Control	Bulk/ 0.5 mL
RPR-C/C.5	RPR Non Reactive Control	Bulk/ 0.5 mL
SLE-B/B.5	SLE Positive Control	Bulk/ 0.5 mL
SLE-C/C.5	SLE Negative Control	Bulk/ 0.5 mL

Immunochemistry

Teco Diagnostics' line of ELISA (Enzyme-Linked Immunosorbent Assay) reagents utilizes the specificity of an enzyme-linked antibody for antigen to provide accurate quantitative results of various hormones and diagnostics markers in human serum. Each kit comes complete with reagents, standards, and a 96-well antibody-antigen plate.

Thyroid Function

Cat. #	Product/Methodology	Packaging
T3W-96	T3 Microtiter	96 tests
FT3W-96	Free T3 Microtiter	96 tests
T4W-96	T4 Microtiter	96 tests
FT4W-96	Free T4 Microtiter	96 tests
TSW-96	TSH Microtiter	96 tests
USTB-96	U-TSH Microtiter	96 tests

Tumor Markers

Cat. #	Product/Methodology	Packaging
AFP-96*	Alpha Fetoprotein Microtiter	96 Tests
CEA-96*	CEA Microtiter	96 Tests
CA125-96*	CA 125 Microtiter	96 Tests
CA153-96*	CA 153 Microtiter	96 Tests
CA199-96*	CA 199 Microtiter	96 Tests
PSA-96*	PSA Microtiter	96 Tests
FPSA-96*	Free PSA Microtiter	96 Tests
BETA2-96	Beta 2 Microglobulin Microtiter	96 Tests

* For Export and Research Use Only

Others

Cat. #	Product/Methodology	Packaging

ATPO-CL	Anti-Thyroperoxidase Antigen	* For Export and Research Use Only

Rapid Tests

Teco Diagnostics' rapid tests refer to a variety of card and dipstick tests to quickly and qualitatively determine the presence of a given substance within a sample. These tests are easily interpreted by the presence or absence of a color band within the test zone. Each test contains a built-in control line for added quality assurance. Rapid tests are useful in the testing of fertility, tumor markers, cardiac markers, infectious diseases, drug adulteration, and alcohol testing.

Fertility

Cat. #	Product/Methodology	Packaging
P594-A/25/50	HCG Pregnancy Urine Card Test	Individual/25/50
P595-A/25/50	HCG Pregnancy Urine Dipstick Test	Individual/25/50

Animal Health

At Teco Diagnostics, we have taken our expertise as a worldwide supplier of Reagent Strips and developed several new products designed specifically for use in the diagnosis of animal health. The Vet-10 Reagent Strips utilize the same technology as our URS line, but detect values over different ranges more suitable for use in the veterinary field.

- Leukocytes
- Nitrite
- Urobilinogen
- Protein
- pH
- Blood
- Specific Gravity
- Ketone
- Bilirubin
- Glucose

Cat. #	Product/Methodology
VET-2M	VET Microalbumin/Creatinine Urine Reagent Strips
VET-3M	VET Microalbumin/Creatinine/Protein Urine Reagent Strips
VET-7	VET 7 Urine Reagent Strips
VET-9	VET 9 Urine Reagent Strips
VET-10	VET 10 Urine Reagent Strips
VET-BUN	VET BUN Whole Blood Test Strips
VET-BHB	VET BHB in Milk Test Strips
VET-MUN	VET MUN Milk Test Strips

TC-Animalyzer Vet Specific Urinalysis Analyzer

Designed only for Veterinarians, the TC Animalyzer is an advanced, handheld chemistry analyzer that provides real-time, lab-quality results within minutes to accelerate the patient care decision-making process. Automated portable urine analysis testing can benefit any practice size.

Portable: Battery operated and fits in the palm of your hand
(8 hour capacity)

Fast Results: Results you need in just one minute

Accurate: Eliminates possibility of varying interpretations
from reading the color chart

Reliable: Updated technology for animal specific urinalysis
testing

Convenient: Eliminates possibility of varying interpretations
from reading the color chart

Decisiveness: Real time results for quick and confident
treatment decisions

Quality: Virtually maintenance-free due to automatic calibration

Versatile: Ready for use in the Practice or in the Field

Aqua Check

Teco Diagnostics is proud to present Aqua Check. A new line of reagent strips aimed to increase the ease of at home water testing. This line will enable consumers to easily and quickly measure common contaminants in water. Please contact your account representative for the latest products available.

- Nitrite
- Nitrate
- Hardness
- Alkalinity
- pH
- * For saltwater and freshwater aquariums!

Website

To obtain the latest Teco Diagnostics updates and product information, certificate of analyses (COA's), package inserts, product manuals, and MSDS sheets, please visit **www.tecodiagnostics.com**.

Product Specifications

Teco Diagnostics' products and reagents are supplied for in-vitro diagnostic use only. They are not intended to be used as drugs, food additives, cosmetic, household chemicals, agricultural, or pesticidal products. All Teco Diagnostics' products and reagents are warranted until the date of expiration marked on the packaging.

Pricing

We encourage you to contact our Customer Service Department if you require current pricing information prior to placing an order. Inquiries are also invited for bulk purchases and OEM orders.

Product Changes

All product specifications, including prices and packaging sizes, are subject to change without notice. Teco Diagnostics reserves the right to amend prices or to discontinue products or sizes without prior notification.

Ordering Information

To more efficiently process your order, please include the following information:

- Complete shipping address
- Complete billing address
- Purchase order number
- Correct catalog number and product name
- Any special shipping and packaging instructions

For prompt service and delivery, we request that orders be placed by email to your sales representative or by fax. To prevent duplication, all purchase orders must be followed by a written confirmation. No verbal orders accepted.

Delivery

Shipment of orders will occur within two to four weeks after payment has been received. In the event that an order specifies an item that is not regularly stocked, a partial shipment will be made without prior authorization unless otherwise instructed.

Payment Details

All orders are prepaid unless prior credit arrangements have been made. All orders are F.O.B. from our headquarters in Anaheim, CA. Freight charges and insurance charges are the responsibility of the customer. Prices are subject to change without prior notice. Payments can be made via letter of credit, wire transfer, bank draft, or credit card. We accept MasterCard and Visa.

Complaints

To initiate a complaint, please email your sales representative. Please provide your sales order reference number, stock code and product name, lot number, expiration date, description of problem, and number of affected kits.

Our Products

We sell our products through authorized distributors in over 100 countries worldwide.
